

We have AMA approval of our Sanctions for the:-

SPRING SAM12 OLDTIMER meet May 20, 2017 SATURDAY, and our  
29th ANNUAL R/C OLDTIMER meet August 6, 2017, SUNDAY.

We are sure that the rules are clear to all of us by now, as we have been at this for a long time, since Walt Geary's first in 1988.

Three of you were there. Tell us about it. There were about five other meets available at that time.

To the Atlantic County Skyblazers and SAM 12, Participation is the meet's lifeblood. Please reply by e-mail, letter, or phone your plans to attend or not. Even if you have been to every meet since '88.

Tell your local modellers about our meets bring a guest, junior or senior.

Bring stuff to sell, off your tail gate, if you want.

Check your equipment carefully so that you can put up the most flights possible.
