

## After Action Report

### 30th Annual SAM 12 Oldtimer Meet 5 Aug 2018

A great day for flying at Strawberry Field. We had twenty registered and many notable supporters. Skyblazers were on hand to help Ed, Mike and I. Audrey and Kathy supplied lunch and drinks. Special prizes were supplied by Howard Bueschel and Marv Stern, ignition switches and O&R 60 sideports.

Some of Steve Boucher's aircraft flew and we hope Steve saw that happen.

We hope to hear from our supporters for advice on a later date (Sept) and our pressure to build for the Ohlsson sideport LER event (there are now lots of O&R 60's out there, thanks to Davenport and Bueschel) and we hope to have interest in an Antique Texaco event (strictly SAM rules)

We hope, also to hear from other SAM12 members, that's you, who would like to run one of our events. Ed, Mike and myself would like to compete more.

Ed Milewski, by the way, took home the Steve Kowalik trophy this year for his win in Brown Jr. Ray Forceno and Mike Salvador placed but were previous winners.

Mike Salvador beat out John Saunders by one second in the glow flyoff. This gave John second place, for which he also received the Ohlsson 60 Special prize.

We thank Dave Harding for his support of our meets through SAM and AMA. He was First in LMR electric.

The Spring Meet will be announced in March and our 31st Annual will be planned after we hear from some of you.

#### Roy, Ed, Mike and the Atlantic County Skyblazers Results 2018 SAM12 Oldtimer Event
