## **Notice this page is mostly BLANK**

Without support of the members, sometimes the newsletter editor just can't find enough stuff to fill it with. Sometimes situations beyond our control remove our ability to find time to look for stuff also.

So as a thought, I would like everyone to consider a proposal to help correct the situation. I would like each member to volunteer to create a newsletter issue. Other than the club meeting minutes and the last page, which is sent to remind members to attend a meeting, the rest of each issue is blank. I'll put it all together, even type it up. You would just be responsible for filling the rest. With whatever you want (short of political rants)..... Think about it, we'll discuss at the next meeting.
