47 Cleveland Cloudster 600 - Wing Tip Panel Ribs (Part 3)1 message

Tandy Walker <rdb435021@icloud.com>

To: Tandy Walker <rdb435021@icloud.com>

Report No. 47

*Cleveland Cloudster 600**September 14, 2020*

I finished the second set wing tip panel ribs using the first set as templates late this afternoon necessary to build the left and right half of the Cloudster 600 wing, but not the special ribs center section. They will be made later on. The conclusion of this four day effort represents illustrated by the single picture below of the 28 precision ribs carefully displayed on the patterns.....Tandy
