Subject: 8 Speed 400 Cloudster - Speed 400 Motor Mount Design Continues

Speed 400 Cloudster Project

When I closed the Report No. 7 this afternoon, I said, "I hope to get the other three ventilation openings finished tomorrow." Well after dinner, I helped Sue get ready for bed and she decided to watch some TV. So off I went to the model room to work on the three ventilation openings. I worked for a couple of hours and finished the disk's openings, but did not get the outside trimmed as shown below.

This picture shows the disk overlaid on the front of the Speed 400 motor.....Tandy
