Stinson Reliant SR-7
February 27, 2016

To try and prevent the required USA Certificate Number from detracting from the scale appearance of the Stinson Reliant, I placed the small number Callie Graphics' made for me on the bottom of the fuselage back near the tail wheel as shown below. It will not be seen from most common viewing angles (reminds me of the serial number tattooed on the Holocaust prisoner's wrist! :O(.....Tandy
